

Trullo to Bari Palese Airport

Turn right out of the Trullo and head back to the main road.

Follow this road, under the bridge, and around the right fork, up the hill (one way).

Follow the road back down to the roundabout, with the hotel on your right.

Go straight over and turn left at the junction.

Get into the right hand lane and follow signs for Monopoli

You will be back on the road you came in on, heading towards the mountains.

As you leave the mountain road and get back on the straight look out for signs for Bari.

Take the exit, Left, and filter into the motorway to Bari.

Follow the signs to Bari until you pass by Bari.

Follow signs to Foggia.

There will be various signs to Palese Airport. (In White both on the side off the motorway and on the road signs above the road. Also with an image of a plane)

Take exit to Palese Aiport. NOT Palese.

Follow signs to the car hire. Leave your car, either with the person collecting keys, or park and leave keys with the bureau.

Have a good journey home.

Extras: You will need some petrol so you can return the car with a full tank (make sure you do this, as if not you will receive heavy fines). You can get this at any of the petrol stations off the motorway or at the airport itself.
